### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Keven Kercher on February 5, 2004.

The application has been amended as follows:

Claims 19-24 have been canceled.

2. The following is an examiner's statement of reasons for allowance: The examiner agrees with applicant's arguments relating to the EP '348 publication not disclosing a filter having the limitations of newly amended independent claims 1, 9 and 15. Particularly, the EP reference fails to suggest a polyimide treated substrate capable of withstanding at least 100,000 cleaning pulses at application temperatures because of the necessary addition of other coating elements that weaken the substrate. Also, the reference fails to suggest the pleats being formed into the substrate at a temperature that is higher than the application temperature as noted by applicant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Drawings***

3. The submitted drawings appear to be acceptable by the examiner, however new figures 5-8 should be submitted before the payment of the issue fee if applicant believes these are informal and not to be published.

***Continued Examination Under 37 CFR 1.114***

4. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on January 6, 2004 has been entered.

***Conclusion***
